

AZAAWC Newsletter

By Women • About Women • For Women

September 9, 2025

Welcome to the initial newsletter of the Arizona AA Women!

At the 2025 AZ AA Women's Conference, I indicated that a periodic newsletter would be forthcoming that summarizes news that may be of interest to our former and future participants. It may also serve as a method of listing AA events around the state.

If you wish to have your event posted on this website, please send the information to me at info@azaawc.org. You may use the website address, azaawc.org, as contact information.

2025 Conference Results

The Conference received high ratings for organization, relevance of the topic (the Serenity Prayer), and opportunities to socialize. An area for improvement includes the registration process; that always happens! Another area that scored low was meditation. If you have ideas about how to streamline registration and/or offer meaningful meditation practices, please let me know.

2026 Conference and Beyond

The Casa has booked our Conference for the next three years: 2026, 2027, and 2028. At my request, we are establishing the same weekend to ease planning and create continuity. These dates offer the lowest prices in the coolest part of the year. Prices increase from October to April, and all the

future May weekends had bookings. Each contract specifies 100 participants, which also means that conference planning is streamlined.

- The 2026 Conference will be held September 25-27, 2026. We have a contract with the Casa for those dates at the same prices as 2025.
- The 2027 Conference will be held September 24-26, 2027. Prices increase slightly.
- The 2028 Conference will be held September 22-24, 2028. Prices increase slightly.

The next newsletter will feature the 2026 Conference Planning Committee members and our meeting dates.

Blessings in recovery,

Charlotte C.
